What part will your country play in World War III?

By [Larry Romanoff](#)

The true origins of the two World Wars have been deleted from all our history books and replaced with mythology. Neither War was started (or desired) by Germany, but both at the instigation of a group of European Zionist Jews with the stated intent of the total destruction of Germany. The documentation is overwhelming and the evidence undeniable. ([1](#)) ([2](#)) ([3](#)) ([4](#)) ([5](#)) ([6](#)) ([7](#)) ([8](#)) ([9](#)) ([10](#)) ([11](#))

That history is being repeated today in a mass grooming of the Western world's people (especially Americans) in preparation for World War III – which I believe is now imminent. It is evident that War Clouds are gathering. The signs are everywhere, with media coverage and open talk of war in many countries. The RAND Corporation have for years been preparing military scenarios for World War III, and NATO is reported to be currently doing so. Vast movements of NATO troops and equipment are either in preparation or process to surround Russia. The US is surrounding China with military bases including the world's largest in Guam. Both China and Russia are surrounded with nearly 400 US biological weapons labs. Iran is entirely vulnerable from the American military build-up in the Middle East.

Through their control of the mass media, the Jews' Anger Campaign against China (12) (see note 13) is unrelenting, and successful, for at least the past two years filling the pages and airwaves with false atrocity tales against China, barrages of these lies occurring almost daily. These follow the same template used by the same people against Germany to stoke hatred and prepare the populations for World Wars I and II. It is the same – and based on the same kinds of lies – as those used to prepare for the invasions of Iraq, Libya and Syria. These people are utilising every manner of provocation against China, including increasingly outrageous and reckless military challenges in the South China Sea and near Taiwan. The entire world is being taught to hate China, Russia, and Iran. Attempts to convert India to China's enemy are becoming increasingly desperate.

World War III will consist of the combined forces of the US, NATO and Israel (who considers itself a world military power) provoking a conflict aimed at the final destruction of China, Russia, and Iran, the three countries that must be destroyed to satisfy the dream of building Satan's Third Temple in Jerusalem and initiating our New World Order. That is the plan. Your belief in it is not material to its execution.

We cannot count on anything from the Americans because they are too stupid; arrogantly and blindly willing to function as the Bankers' Private Army one more time, having sworn fealty to the same persons who hold ultimate control of both the CIA and Mossad. England served that purpose for a century or more, but was readily sacrificed when the bankers transferred their flag to the US. A World War will leave the US physically and financially in ruins, much as the first two wars destroyed the British Empire and left England bankrupt. These people are ruthless beyond measure; to get what they want, they will fight to the last American. But as Benjamin Netanyahu famously said, "Once we squeeze everything we want from the US, it can dry up and blow away." And it will. But no matter because the Bankers are already transferring their flag to NATO – a supra-national military that reports to no one and that will be our official oppressor in our Brave New World. And we cannot count on the masses of Western people because they are simply pawns in these geo-political contests, few understanding the tragic pit into which they so willingly leap.

The British Royal Family is 100% onside. If you doubt this, ask Queen Elizabeth for a public statement that England will refuse any part in another world war. She will ignore you, as would Boris Johnson and the UK's parliamentary cabal, since they are in the forefront of the plans. Ask Canada's cowardly Prime Minister Justin Trudeau to resolutely state that Canada will refuse to follow the Americans into another world war. He will refuse. We cannot count on Germany; that country today is an American/Jewish colony lacking a will of its own. Much of Eastern Europe, like Australia, has been twisted and turned, stupidly believing they will be held harmless by the power of NATO when in reality they will be among the first sacrificial lambs in this Third War. Italy, France, and Spain will almost certainly be bullied into participation; the remainder of Europe is largely irrelevant. Japan, also being an American/Jewish colony with no will of its own, plus being a major US military-operations base, will have no choice but to sacrifice itself.

There is no way to avoid the conclusion that history is indeed repeating itself, demonising yet another nation, deliberately engendering sufficient hatred and anger to justify another world war. Even confirmed Western ideologues will admit that what I have written here is true. What will be the position of your country's government when the charge for the war cannon is finally ignited? Are you able to explain why you believe a Third World War is a good idea? If you are a European, haven't you seen enough of war? If you are an American, hasn't your government already killed enough innocent people? If you are a Jew, why don't you speak out against this cabal of 300 or 400 before it's too late?

Given the source of the push for a Third World War and the planned destruction of China, one is left to consider what, if anything, can be done to prevent a third worldwide holocaust. Even knowing the sources, it is hardly practical to declare war on at most a few thousand individuals scattered among perhaps ten nations.

I know of only one way to prevent the World War Three that is now imminent: make Israel pay for it. If in the final position of authority of one of the targeted nations, I would call in the Israeli ambassador and inform him that if my nation were forced into a war with the US, I would of course respond. However, my first retaliation would be not against the US but against Israel,

that I would apply a necessary portion of my arsenal to ensure that Israel would remain uninhabitable for 500 years and that Satan's Third Temple would never be built. It is my thesis that Israel is too important to these people to be sacrificed, and that faced with such a threat deemed credible, they would back off. With everything I know, I do not believe a third world war can be otherwise prevented.

I will of course be accused of anti-Semitism, but this is not about me; it is about a small handful of Jewish European bankers and industrialists who want a third world war to destroy the old order before the new can be installed. These people must be named and their objectives exposed. In any case, in a judicial debate of offending a few hundred people or starting a third world war, which is the greater crime?

(13) The International Jews have some reason to resent China, which was to be dismembered and turned into a perpetual cash cow, a plan frustrated by Mao and his revolution. It was not "the British" but the International Jewish banking families, the Rothschilds, Sassoons, Kadoories, Harpoons and others that were entirely responsible for China's 150 years-long opium travesty. Immediately after World War Two, one of Mao's first acts was to expel all the Jews from China and confiscate all their opium assets – including all of the city of Shanghai and the Mainland Branches of the HSBC. They haven't forgotten, and they want their money back.
